## Welcome To Rotary Peace Fellows

Dear Class XVI UQ Rotary Peace Fellows,

On behalf of the staff of the School of Political Science & International Studies and the Faculty of Humanities and Social Sciences, I would like to welcome you to The University of Queensland (UQ). We trust you will adjust to life and study at the University and we are proud to offer you a high quality program and facilities to support your educational endeavours.

You are part of the sixteenth intake of Rotary Peace Fellows (Class XVI). You will be studying with other Peace Fellows, and also with students enrolled from a wide range of countries and professions.

We aim to assist you in achieving:

- A smooth transition from your home country to living in Australia;
- An easy adjustment to studying the Master of Peace and Conflict Studies program;
- A good understanding of how policies, structure, procedures and requirements of the School and University can affect you;
- A good knowledge of the resources, support and assistance available to you.

This Handbook is intended as a guide to resources pertaining to your study at UQ and the School of Political Science and International Studies.

In addition to this information, Peace Fellows should also refer to other important publications of this University:

- my.UQ <https://my.uq.edu.au/>
- Student Support <https://my.uq.edu.au/services/student-support>
- UQ Policies and Procedures Library: <http://ppl.app.uq.edu.au/>

We anticipate that you will be arriving in Brisbane sometime in late January or early February in order to attend Orientation programs, commencing on Monday 12 February 2018, and classes commencing on Monday 19 February 2018. There are also two important dates to note for your orientation to the UQ Rotary Peace Centre. These are **compulsory** and will also provide opportunities to meet existing Class XV Peace Fellows and Brisbane based Alumni from the program. Please note these dates in your diary:

- Welcome Morning Tea for Class XVI Peace Fellows: Thursday 15th February, 2018, 9am-11:30am (Terrace Room, Bld 14)
- Master of Peace and Conflict (MPACS) Orientation: Thursday 15th February, 2018, 1-4:00pm
- UQ Class XVI Peace Fellows Peace Centre Orientation: Friday 16th February, 2018, 9:00am –4pm (Venue TBA)

I urge you to listen to the [Pre-departure online briefing](#) for more information on planning your arrival and also refer to information at UQ Future Students Getting Prepared: <https://future-students.uq.edu.au/getting-prepared>

Fellows make their own arrangements for arrival in Brisbane and collection from the airport. Options you may wish to consider:

- Your Rotary Host Counsellor may be able to help you with this. Contact them in advance of your arrival if you require their assistance
- UQ provides an 'Airport Reception' service for commencing students. Bookings must be made [online](#) a minimum of three working days in advance of your arrival.

You should also have arranged, or be arranging, accommodation for yourself. Again, your Rotary Host Counsellor may be able to help in this regard. Please contact your Rotary Host Area Coordinator or your Rotary Host Counsellor if you require assistance with this process.

Please note that there are thousands of students seeking accommodation in February, so we advise that you plan this carefully. The University has an accommodation service, which can be accessed through <https://future-students.uq.edu.au/accommodation> Fellows with dependents are urged to arrive at least four weeks prior to the beginning of semester to arrange their accommodation, employment and/or schooling requirements etc.

To help you to settle into the program, we have arranged a **'buddy'** system, whereby you will be linked with a Rotary Peace Fellow from Class XV. Your allocated 'buddy' is listed on page 4. It is hoped your 'buddy' will be able to answer any outstanding questions you may have. Of course, you are also welcome to speak to Centre Staff at any time (contact details are on page 4 of this handbook).

***I urge you to read this Handbook thoroughly and familiarise yourself with the information contained within, so you can be as prepared as possible for your study with us.***

I hope that the one and a half years you spend with us will be a productive and memorable experience, that you will form lasting friendships, and gain maximum benefit from our program in Peace and Conflict Studies.

With best wishes  
Dr Melissa Curley  
Director, Rotary Peace Centre

## **The University of Queensland Rotary Peace Centre**

<https://rotary.centre.uq.edu.au/>

The University of Queensland's Rotary Peace Centre is part of a global program to advance research, teaching, practical training and knowledge on issues of international relations, peace studies and conflict resolution.

Following an intensive international search by The Rotary Foundation, The University of Queensland was selected from over 100 universities expressing interest in the establishment of a program for Peace and Conflict Studies. The decision recognised the outstanding reputation of The University of Queensland's longstanding International Relations and Peace and Conflict Studies programs.

The University of Queensland's program is one of only six such programs worldwide. Other

programs are based at:

- Chulalongkorn University, Bangkok, Thailand
- Duke University and University of North Carolina, Chapel Hill, USA
- International Christian University, Tokyo, Japan
- University of Bradford, Bradford, UK
- Uppsala University, Uppsala, Sweden

## **About the School's Peace and Conflict Studies Program**

<https://polsis.uq.edu.au/master-peace-and-conflict-studies>

Recent international crises highlight the need for greater understanding of the political, economic and social factors that affect security and stability, as well as the tragic human costs involved in such conflicts. The threat of insurgency and terrorism, humanitarian crises in Afghanistan, Iraq, central Africa, the Middle East and elsewhere, all indicate that we need to develop greater expertise in alleviating such tensions and more effective strategies for promoting peace and stability.

There is also an urgent need to address such issues before they escalate. The amount of money and human resources spent on conflicts and re-building worldwide is significant. Educational programs aimed at the peaceful resolution of disputes, seen as having long-term rather than immediate effects, and which cost a small fraction of such amounts, can help to avoid the need for expensive peacekeeping operations and reconstruction costs. Our programs are designed to address these needs. We aim to equip students with the knowledge and skills that they need to engage in conflict resolution, peacekeeping and peace building in the contemporary global context.

Particular strengths of the program include:

- The degree is tailored for students interested in seeking employment in either government agencies, non-government organisations or the private sector;
  - Students will study with people from a wide range of countries and professions;
  - Teaching staff are recognised as being world class in their respective fields;
  - Teaching is conducted in small groups wherever possible, and at convenient times, with most internal classes timetabled for the evening.

## **Teaching & Research**

<https://polsis.uq.edu.au/research>

The teaching and research of the School's Academic Staff is internationally recognised. The Staff maintain close ties with important international and national non-government organisations, government agencies and leading academic institutions and research centres in Asia, Europe and North America. This exposure further reinforces the program. The School also hosts the [Asia-Pacific Centre for the Responsibility to Protect](#), which focuses on the Responsibility to Protect concept, genocide prevention and the study of crimes against humanity. It conducts extensive outreach activities in the Asia-Pacific region, and UQ Rotary Peace Fellows have conducted their AFE with the R2P Centre on a number of occasions.
